## SYLLABUS of academic discipline

### “Psychiatry, Addictology”

Specialty	222 Medicine
Educational level	the second (master`s) level
Educational programme	EPP Medicine, 2022
Academic year	2024-2025
Department	Psychiatry, Addictology and Psychotherapy
Lecturer	Assoc. prof. of HEI J. Marunkevych, PhD, Assoc. prof. Assoc. prof. of HEI S. Teklyuk, PhD, Assoc. prof.
Contact information	Psychiatry, Addictology and Psychotherapy, psychiatry@vnmue.edu.ua, National Pirogov Memorial Medical University, Vinnytsya, Pirogov st., 109, (0432)507947
Syllabus compiler	Assoc. prof. of HEI N. Ratsyborynska-Polyakova, PhD, Assoc. prof. Assoc. prof. of HEI Ya. Marunkevych, PhD, Assoc. prof.

## 1. Status and structure of the discipline

Discipline status	Compulsory
Discipline code in EPP/discipline place in EPP	CC 41, Cycle of disciplines of professional training
Course / semester	<i>4th year (VII-VIII semesters)</i>
The amount of discipline (the total number of hours / number of credits ECTS)	90 hours / 3,0 credits ECTS
Number of content modules	2 modules
The structure of the discipline	Lectures - 8 hours Practical classes 50 hours Independent work 32 hours
Language of study	English, Ukrainian
Form of study	Full-time ( <i>or remote full-time by order</i> )

## 2. Description of the discipline

### Short annotation of the course, relevance.

The subject of the discipline is pathological changes in the psyche, etiology, pathogenesis, clinical symptoms, treatment, prevention, examination and rehabilitation of persons with mental and behavioral disorders. Topic 10. Cure, writing history of the disease.

Topic 11. Protecting the history of the disease.

Topic 12. A set of practical skills.

The student's independent work involves preparation for practical classes and development of practical skills, study of topics for independent extracurricular work, preparation of presentations, tables, processing of scientific literature and writing reviews of the provided topics for individual work. Control of mastering the topics of independent extracurricular work is carried out at intermediate control classes and final control of the discipline.

Thematic plans of lectures, calendar plans of practical classes, thematic plan of independent extracurricular work, volume and directions of individual work are published on the site of the department.

The route for obtaining materials: Psychiatry department / for students / Full-time education / medicine / 4course / Educational materials / or through the link [https://www.vnmu.edu.ua/psychiatry department #](https://www.vnmu.edu.ua/psychiatry%20department%20#). Access to the materials is carried out through the student's corporate account [s000XXX@vnmu.edu.ua](mailto:s000XXX@vnmu.edu.ua).

#### 4. Forms and methods of monitoring academic performance

Current control in practical studies	Methods: oral or written survey, testing, electronic survey, solving situational problems, interpreting pathopsychological / laboratory / instrumental examinations, clinical analysis of thematic patients and evaluation of their results (registration of the protocol in the workbook)
Final semester control (credit) at the end of 7 semester	According to the Regulation of the Academic process in National Pirogov Memorial Medical University, Vinnytsya (link <a href="https://www.vnmu.edu.ua/General%20information">https://www.vnmu.edu.ua/General information</a> )
Final control of the discipline - Differential credit test at the end of 8 semester	Methods: practical skills test, oral questioning (according to the Regulation of the Academic process in National Pirogov Memorial Medical University, Vinnytsya (link <a href="https://www.vnmu.edu.ua/General%20information">https://www.vnmu.edu.ua/General information</a> ))
Learning success diagnostic tools	Theoretical questions, tests, clinically-oriented situational tasks, practical tasks, practical skills demonstration

#### 5. Assessment criteria

Knowledge assessment is carried out in accordance with the Regulations of the Academic process in National Pirogov Memorial Medical University, Vinnytsya (link [https://www.vnmu.edu.ua/General information](https://www.vnmu.edu.ua/General%20information))

Continuous assessment	On a four point system of traditional assessments: 5 «excellent», 4 «good», 3 «satisfactory», 2 «unsatisfactory»
Control of practical skills	According to the four-point system of traditional assessments
Pass-fail credit (7 semester)	On a 200-point scale (the arithmetic average grade for the semester is converted into points) Credited: 120 to 200 points Not credited: less than 120 points (See Grading Scale)
Final control of the discipline (8 semester)	<i>Sum of points for pre-examination testing (12-20 points) and oral questioning (38-60 points)</i>

	Final exam grade: 71-80 points - "excellent" 61-70 points - "good" 50-60 points - "satisfactory" Less than 50 points - "unsatisfactory" / did not pass
Discipline assessments:	Current academic assessment - from 72 to 120 points (conversion of the average traditional assessment of practical class on a 120-point scale): 60% of the grade for the discipline Final control - from 50 to 80 points: 40% of the grade for the discipline Individual work - from 1 to 12 points From 122 to 200 points in total.

### Discipline Score Scale: National and ECTS

The sum of grades for all of types educational activities	Score ECTS	Score on a national scale	
		For exam, course project (work), practice	for credit test
180-200	<b>A</b>	excellent	credited
170-179,9	<b>B</b>	good	
160-169,9	<b>C</b>		
141-159,9	<b>D</b>	satisfactory	
122-140,99	<b>E</b>	satisfactory	-
120-140,99	<b>E</b>	-	credited
119-61	<b>FX</b>	unsatisfactory with the possibility of reassembly	is not credited with the possibility of reassembling
1-60	<b>F</b>	unsatisfactory with a mandatory reexamination of discipline	is not credited with mandatory reexamination of discipline

### 6. Policy of discipline / course

The student has the right to receive high-quality educational services, access to contemporary scientific and educational information, qualified tutoring during the study of discipline and mastering practical skills. The policy of the department during the providing of educational services is a student-centered, based on normative documents of the Ministry of Education and the Ministry of Health of Ukraine, the Statute of the University and the Procedure for the Providing of Educational Services regulated by the main principles of the organization of the

educational process in National Pirogov Memorial Medical University, Vinnytsya and the principles of academic integrity ( link <https://www.vnmdu.edu.ua/General> information).

### **Adherence to the rules of VNMU, safety techniques in practical classes.**

#### **Requirements for preparation for practical classes.**

The student should be prepared for a practical lesson, testing tasks for the current topic should be solved in a workbook, diagrams and tables are filled (if provided by the task).

A student should come to class on time, without delay. A student who is more than 10 minutes late is not allowed to the practical class and must work it in the prescribed manner.

In practical classes, the student must be dressed in a work uniform (medical gown, hat). Students who do not have a work uniform are not allowed to practice.

The student must follow the rules of safety at the specialized departments.

When discussing theoretical issues, students should demonstrate tolerance, courtesy and respect for their colleagues and the teacher.

#### **Usage of mobile phones and other electronic devices.**

The use of mobile phones and other electronic devices in the classroom is allowed only during electronic testing or surveys.

**Academic integrity.** When studying the discipline, the student must be guided by the Code of Academic Integrity and Corporate Ethics of National Pirogov Memorial Medical University, Vinnytsya (link : <https://www.vnmdu.edu.ua/General> information)/ Code of Academic Integrity).. In case of violation of the norms of academic integrity during the current and final controls student receives a grade of "2" and must work it out to his teacher in the prescribed manner within two weeks after receiving an unsatisfactory assessment).

**Missed classes.** Missed classes are working out in the manner prescribed by Regulations of the Academic process in National Pirogov Memorial Medical University, Vinnytsya (link <https://www.vnmdu.edu.ua/General> information) at the time of work out schedule (published on the website of the department <https://www.vnmdu.edu.ua/> Department of Psychiatry#) to the teacher on duty (in the case of distance learning - to his teacher at a pre-arranged time in a combined form oral / written response). To work out missed lesson student must provide a completed workbook protocol on the relevant topic, take a test and answer questions in writing or orally to the topic of the lesson.

**The procedure for admission to the discipline final control** is given in the Regulation of the Academic process in National Pirogov Memorial Medical University, Vinnytsya (link <https://www.vnmdu.edu.ua/General> information). Students who do not have missed practical classes and received an average traditional grade of at least "3" are allowed to final control.

**Additional points.** Individual points in the discipline (from 1 to 12) that student can receive for individual work, the amount of which is published on the website of the department in the educational methodical materials of the discipline, the number of points is determined by the results of IRS according to Regulation of the Academic process in National Pirogov Memorial Medical University, Vinnytsya (link <https://www.vnmdu.edu.ua/General> information).

**Conflict resolution.** In case of misunderstandings and complaints to the teacher because of the quality of educational services, knowledge assessment and other conflict situations, student

should submit his / her claims to the teacher. If the issue is not resolved, the student has the right to apply to the head of the department according to Complaints Consideration Procedure in National Pirogov Memorial Medical University, Vinnytsya (link <https://www.vnmu.edu.ua/General> information)

**Politics in terms of remote learning.** Distance learning regulated by the Regulations of the elements of remote learning in National Pirogov Memorial Medical University, Vinnytsya. ([https://www.vnmu.edu.ua/ General](https://www.vnmu.edu.ua/General) information). The main training platforms for studying are Microsoft Team and Google Meets. Practical classes, lectures, exercises and consultations during distance learning is published on the website of the department ([https://www.vnmu.edu.ua/ Department of Psychiatry / Student](https://www.vnmu.edu.ua/Department of Psychiatry / Student) or <https://www.vnmu.edu.ua/Department of Psychiatry / News>).

Feedback from teachers is via messengers (Viber, Telegram, WhatsApp) or e-mail (at the teacher's choice) during working hours.

## **7. Educational resources.**

Educational and methodological support of the discipline is published on the website of the department ([https://www.vnmu.edu.ua/ Department of Psychiatry / To students](https://www.vnmu.edu.ua/Department of Psychiatry / To students)).
